SCC non-participants as of 6pm 2022-09-26 (with UPDATE 09-30) [and further update 10-05]

no response at all yet:

Doug Campbell (UPDATE: some word to me & SCC list 09-30)

terse "yes"

[almost short enough to make me wonder if it counts as SCC participation]

Matt Crehan [responded 10-01 to Sherry, CC: me personally and the SCC list]

[Sure, I'll be glad to remain on the SCC. (But probably won't be able to attend the convention)]

[after Sherry mentioned being an observer if not an officer:]

Ok, thanks. If you need to fill an officer position, let me know by phone; I'll be on the road to Missouri Saturday

[after Sherry sent a list of possible vacancies:]

Perfect. I'll volunteer to be Nat'l Comm Alt!!!

[after Sherry warned about participation and quorums and all:]

Got it. But the Nat'l has to let me participate....

(they barred me from the listserve)

or maybe we can sue them if they don't!

John Early (UPDATE: some word to me & SCC list 09-30)

I would like to remain on the SCC. I have been extremely busy the last couple of years, which has limited the time I have available for the Green Party, but I would like to stay involved as much as I can.

[agreed to let me pass that on to the SCC,

but hasn't responded to Robin's Q

"Does this mean you want off the list?"]

Tabbi Krause

[Sherry forwarded a Local Groups FB Messenger chat message from Tabbi:]

"Yes, please remove me from the SCC... I don't want to throw off any results and I have trouble with having the spoons for daily life often times if anyone is familiar with Spoons Theory... "

inconclusive response:

Gene Gutierrez (reply by Jim Becklund)

[still no word directly from Gene]

Larry Hutchinson (reply not totally on point)

[but if we count Doug's "yes", I suppose we count this too]

arguably good response:

Susan Odgers (I asked for clarification; partial response by Tom Mair for her on them)

[still not finally clarified, but....]
